Knowsley Business awards
Info
<p>ArborForce Group proudly sponsored the Knowsley Business Awards, specifically the Business to Consumer Award, which recognizes the vital role of consumer-focused companies in our operating areas. This prestigious award highlights businesses that excel in delivering exceptional products and services directly to consumers, celebrating the diverse sectors represented in Knowsley, from retail and restaurants to cafes and hospitality.</p> <p>The judging criteria for this award encompass various factors that contribute to a business's success. Key considerations include outstanding customer service and visitor experiences, market awareness, community involvement, and the ability to adapt to change. Judges also evaluate a company's key achievements, workforce development initiatives, and its commitment to Environmental, Social, and Governance (ESG) principles—assessing its impact on society and the environment, including efforts toward achieving net-zero emissions.</p> <p>Our directors and senior management team attended the awards ceremony to present this accolade to the deserving winner, fostering a spirit of community and collaboration. By supporting the Knowsley Business Awards, ArborForce reinforces its commitment to giving back to the communities we serve, celebrating local businesses that contribute to Knowsley's economic vitality and cultural richness. This initiative not only recognizes excellence but also inspires future growth and collaboration within our vibrant community</p>

Name
Liverpools Womens Hospital-Honeysuckle Remembrance Garden

Info
<p>ArborForce Group was honored to support Liverpool Women’s Hospital, joining forces with local companies, including Jaguar and Land Rover, to revitalize the Honeysuckle Remembrance Garden. As the garden had unfortunately fallen into disrepair due to budget constraints, our role as a registered nursery allowed us to supply a variety of local shrubs and perennials for its much-needed refurbishment. This collaborative effort included valuable contributions from Bannister Halls, ensuring that the garden would not only be restored but elevated to a beautiful space for families to create lasting memories.</p> <p>Recognizing the significance of this project, we were later approached with a heartfelt request to go the extra mile by providing a Christmas tree to stand just outside the garden. This tree would serve as a special place during the festive season for families to hang ornaments in remembrance of their young and unborn babies, creating a beacon of hope and a space for reflection. Without hesitation, our directors and senior management team embraced this cause, collaborating with Specimen Trees to facilitate the transportation and planting of this stunning Christmas tree.</p> <p>Through these initiatives, ArborForce demonstrates its commitment to supporting the local community and contributing to meaningful projects that honor the memories of loved ones while brightening the spirits of families during the holiday season. We are proud to play a role in enhancing spaces that promote hope and remembrance in our community.</p>

Name
The Block Liverpool

Info

ArborForce Group maintains deep ties with the military community across Merseyside and Cheshire, reflecting our unwavering commitment to supporting those who have served. Upon learning about The Block, Armed Forces Foundation—a vital Liverpool-based charity dedicated to aiding veterans in crisis—our missions aligned seamlessly. Operating from 241-243 Walton Road, Liverpool (L4 4AR), The Block provides essential services including mental health support via referrals to Op COURAGE, emergency and supported accommodation through partnerships like Op FORTITUDE, addiction recovery, employment opportunities, training, and even casual "brews and banter" sessions for camaraderie. 1 (<https://register-of-charities.charitycommission.gov.uk/en/charity-search/-/charity-details/5226717/full-print>) 3 (<https://www.asdic.org.uk/members/the-block-armed-forces-foundation/>) 5 (<https://theblockaff.org/about-us-1>) 7 (<https://theblockaff.org>)

Led by Chairman Colin John Eastaway, a selfless veteran who prioritizes those in need, The Block steps in where other charities or housing associations fall short, offering holistic therapies, crisis prevention, and civilian transition assistance to veterans feeling isolated or without options. With a small team of trustees and 33 volunteers, the charity generated £54,650 in income for the year ending October 2024, much of it from government grants, to deliver these life-changing services.

Inspired by their work, one of ArborForce's directors quickly connected with the organization to explore support opportunities. We were delighted to conduct a charity drop-off of essential supplies, providing practical aid to veterans facing housing insecurity, mental health challenges, and daily hardships. This collaboration underscores ArborForce's dedication to giving back to the communities we serve, honoring our military heroes by amplifying their resilience and hope
